Headline

Everything you need to perform regular maintenance on your Roomba 600 series robot.

Product Description

Regular replacement of the AeroVac™ filter will maintain Roomba's cleaning performance while reducing infiltration of dust, pollen and other allergens. The filters are easy to see and access, so you can snap them on and off with minimal effort. The replacement brushes will keep your Roomba cleaning at peak performance. This kit gives you one year's supply of accessories.

Compatible with all Roomba 600 Series robots.

In the Box

- 3 AeroVac™ Filters
- 1 Bristle Brush
- 1 Beater Brush
- 1 Side Brush
- 1 Brush Cleaning tool
